

"1,000,000 AMERICAN TROOPS IN FRANCE BY JULY 1ST,"--GEN. MARCH

TELLS MILITARY COMMITTEE AT MEETING WITH WAR COUNCIL THAT WE HAVE 800,000 MEN THERE NOW

FOURTH GERMAN OFFENSIVE STOPS

Washington, June 15.—Our troop shipments have passed the 800,000 mark, according to official announcement today. Making his initial weekly talk to the War Department correspondent, Chief of Staff March revealed this cheerful news today. He also declared that all four phases of the German offensive had been stopped. That more than a million Americans will be in France by July 1, was the statement of Senator Kirby, of Arkansas, at the weekly meeting today between the Senate Military Affairs committee and the War Council. The committee also was told by General March that the American forces are being put into the front lines in greater numbers every week and the mileage held by the Americans independent of the French and British is being greatly extended.

"The German advance," General March declared, "stretched the Allied line 60 miles. Because of this the importance of getting Americans over is preeminent. We have now passed the 800,000 mark in troop shipments over seas. The 800,000 troops include competent medical service—and all units which go to make up an army. The number of troops being sent over now," he added, "is limited only to the capacity of the boats to carry them."

He declined to say whether the American-Allied forces are numerically superior to the enemy. This question, he suggested, invites a consideration of how many troops Germany had at the outset and how many potential divisions may be brought from the eastern front.

Reviewing the military situation from March 21 onward, General March declared that "the activities were toward Paris, but the channel ports first and Paris second constitutes the obvious objective of the Boche."

Artillery firing along the Oise and Marne fronts and patrol activities were reported by the French war office today. Between Mondidier and the Oise, south of the Aisne, west of Rheims and near Champlatt and Bligny there was artillery activity, the communique said. French patrols took prisoners in the Champagne region. Although the situation is reported as improved, plans for the defense of Paris continued today. The Ministry of Workers made arrangements for the evacuation of the civilian population in case of necessity. The Humanite called upon 10,000 workers for defense work.

Germany is increasing its forces in the Pskoff region according to undated dispatches from Moscow received today. General Korniloff with his Caucasian forces is reported to be advancing and has occupied Regirovsk. A political strike has been organized against the Soviet in Kieff. Meatless weeks have been ordered in Bavaria by the Home Secretary because of the serious shortage, according to advices received in Copenhagen today. Twenty-five workers who refused to work were court-martialed on charges of mutiny. Dispatches from Amsterdam said that a provisional treaty was signed by the Bolsheviks and Ukrainian leaders for a cessation of hostilities and continuance of peace negotiations, according to advices received here today.

With The Americans On The Marne, June 15. (1 a. m.)—Both American and German artillery were active northwest of Chateau-Thierry today. The Boche threw large quantities of gas shells into Bouchesee and vicinity.

BRITISH RAIDS SUCCESSFUL

London, June 15.—Raiding operations in which the British had the advantage were reported by Field Marshal Haig today. A successful operation north of Belleau last night netted sixty prisoners, the statement said. "An attempted enemy raid against one of our posts in Avon wood was repulsed. We took a few prisoners and three machine guns in a successful night raid in the Villers Bretonneux."

TODAY'S CASUALTY LIST

Washington, June 15.—The War Department casualty list today contained 81 names divided as follows: 8 killed in action, 10 dead from wounds, 6 dead from disease, 1 dead from accidents, 52 severely wounded and 4 wounded.

OFFICERS PREDOMINATE MARINE CASUALTY LIST

Washington, June 15.—Sixty-three Marines, most of them officers, were reported today on the casualty list issued by the Navy Department. The list was divided as follows: 8 killed in action, 55 wounded severely, of which 11 were lieutenants.

Johnny Bates and Tommy McMillan. The veteran has been killed in both veterans of the same war. He has been killed in action for Mobile, which was independent team and pay. By the way, is managed by Pat H. Jones for the house of the R. L. party, another veteran of the war. Casa.

MORE MEN NAMED FOR NEXT CAMP LEE CONTINGENT

District No. 1 of Clearfield county has certainly been sending out its share of men to the army during the month of June. When the huge contingent of 168 men goes forth to Camp Lee the week of June 24th the total number of men sent out from Clearfield into the different branches of the service will be nearly two hundred and fifty for the month.

The Exemption board finds it necessary to add the following names to the list of those already published as making up the 168 men to go the last week of the month. Of this advice number at least twenty-five will be taken to make up for the special inspections and voluntary enlistments since the contingent was first made up. The names follow:

Carl E. Buck, Munson
Wm. Blair Fargo, Clearfield
Wm. Clark, Phillipsburg
Clyde Leroy Black, Clearfield
Amos Vertell, Curwensville
Patrick J. Turner, Clearfield
William Paul Luko, Morrisdale
Lloyd Seifridge, Clearfield
John McCliment, Munson
Edwin M. Coudriet, Condit
Anthony J. Luke, Morrisdale
Samuel C. Curwensville
Benjamin E. Chase, Jr., Clearfield
Amadeo Dengelo, Curwensville
George Henry Dwyer, Morrisdale
Frank Tiso, Clearfield
Francisco Spasio, Curwensville
Roy Lawrence, Winburne

26 SPECIAL CALL MEN LEFT ON THE MORNING TRAIN

Heard by the Liberty Male chorus twenty-nine lucky Americans marched to the Pennsylvania station this morning and embarked at 8:20 for what "the great adventure" has in store for them.

All of these young men were Class I registrants whose ambitions had been reached and who promptly responded to the call of their country for their services.

They will go to State College, Carnegie Tech, Erie Tech and University of Pittsburgh for a six weeks course of special training before being placed in the ranks.

Eighteen of this contingent were Clearfield boys, there being bank and other clerks, plumbers, automobile mechanics, brickmakers and other occupations represented. All were ready and willing to make the sacrifice.

They went into the thing knowing full well what would be expected of them, all were willing and anxious to go and marched away with smiles upon their faces. No better looking bunch of boys left our town.

They were ready for anything the Fates may have in store for them and an army made up of such men is simply unconquerable, as the "Beast of Berlin" is rapidly finding out these days.

Miss Maud Pitcher, one of Clearfield's successful teachers and a member of the faculty of the College of Music left Thursday for her summer vacation. After spending a few days in Clinton county she will go to Duquesne, Pa., where she will serve as a piano soloist in the choir of the Episcopal League convention held there annually and enjoy the pleasures of the popular resort. She will be gone until September 1st.

Mr. J. A. Robinson, and granddaughter Helen Bell have returned from a visit with friends at Madera.

She will be gone until September 1st.

DO WAR WORK OR FIGHT ORDERS HAVE ARRIVED HERE

As the time draws near for the enforcement of the "fight or work" order issued by Provost Marshal General Crowder there is considerable movement on the part of those who will be affected by the provision. The local board has received its instructions from the general board and will instruct all police officers and constables to take note of the fact if anyone who comes under the provisions of the order continues to work at these occupations after July 1st. It will affect quite a number of people in Clearfield, and already they are seeking other occupations or taking steps to get into the service.

The paragraph of instructions dealing with the deferred classifications and the number of registrants found to be idlers or engaged in non-productive occupations is as follows:

"Whenever, after July 1st, 1918, any registrant in Class I, II, III or IV, wherever he may be located, is reported to or observed by any local board, whether it be his local board of origin (that is the local board having original jurisdiction of his registration and questionnaire) or a local board having jurisdiction over the territorial area in which he may be found, whether having original jurisdiction over him or not, to be an idler or to be engaged in any occupation or employment defined and described in these regulations or any amendments thereof as a nonproductive occupation or employment, such local board shall, by notice hereinafter prescribed, notify him and set a day and hour when the registrant may appear and present such evidence, by affidavit or otherwise, bearing upon the reason for his status, as he may care to submit."

The following classes are described as coming under the head of those engaged in non-productive occupations or employment:

Persons engaged in the serving of food and drink, or either, in public places, including hotels and social clubs.

Passenger elevators and attendants; and door men footmen, carriage openers and other attendants in clubs, hotels, stores, apartment houses, office buildings and bathhouses.

Persons, including ushers and other attendants, engaged and occupied in and in connection with games, sports and amusements excepting actual performances in legitimate concerts, operas, or theatrical performances.

Persons employed in domestic service.

Sales clerks and other clerks employed in stores and other mercantile establishments.

It is the last class that will catch quite a large number of young men, who are now in the draft, but have not yet been called. According to the ruling they will have to get into some other line of endeavor by July 1st.

NOT IN FINANCIAL DIFFICULTIES

In our "Court Notes" published yesterday we made mention of the fact that suits were pending in the courts against the Nickel-Alloys company of Hyde by the B. & P. Railroad company and the Electric Supply Co., and stated that the Nickel-Alloys people were possibly in financial difficulties as a result thereof. We find on investigation that such is not the case, that the Nickel-Alloys company have no more financial difficulties than the average industrial establishment in these war times.

Both suits entered are the result of disputed accounts and as neither side felt the granting the other fellows claims the only recourse was to the law to settle the difficulty and give each side what is coming to it.

We gladly make this statement in justice to the Nickel-Alloys people and to the public who may have been previously published as being in financial difficulties.

SENTENCED TO HUNTINGTON

Frank MacCalla, who was sentenced to a year in the State Penitentiary for a charge of assault and battery on a woman, was sentenced to the Huntington Reformatory for a term of six months.

CURWENSVILLE NOTICE

The Board of Directors of the Clearfield County Fire Department has decided to hold a meeting on Monday, June 17th, at 8 o'clock, at the Clearfield County Fire Department building, in Clearfield, Pa.

YOUNG MEN WHO REGISTERED IN DISTRICT NO. 3

Following is the list of young men of twenty-one years of age who registered for military service in District No. 3.

Quay Vernon Moore, Westover.
Henry Doy Phillips, Westover.
Lorne L. Westover, Westover.
George M. Hunter, Irvona.
Guy Thomas Bloom, Irvona.
Ira H. Salsgiver, Smithills.
Al Raymond Nemling, Beccaria.
Edward B. Waddell, Coalport.
Cloyd Bernard Harbor, Rosebud.
Lloyd Johnstone Ansonville.
Herman F. Estright, Coalport.
William Patterson, Osceola Mills.
Herbert Wigfield, Osceola Mills.
Robert F. Raphael, Chesterhill.
Walter Wetzel, Burnside.
John Ord Smith, McGees Mills.
John H. Lee, Cherrytree.
Fred McCulley, Westover.
William Frew, Westover.
Harvey P. Fry, Cherrytree.
John Ralph O'Shell, Westover.
Charles Barto, Westover.
David M. Rummel, Westover.
David B. Young, Westover.
Clayton J. Ross, Kermoor.
Murray H. McCully, La Jose.
Silas Watson, Burnside.
John Rise, Westover.
Willie Pittman, Phillipsburg.
Ignaty Oksisuk, Osceola Mills.
Frank B. Foster, Boardman.
Andrew Stapko, Bedford.
Stanley Mathisefsky, Blain City.
Simon Hamaty, Houtzdale.
Joseph S. Mulky, Houtzdale.

FIRE DEPARTMENT RECEIVES

The Clearfield Hardware company received the Clearfield Fire department with a check for \$100 this morning in recognition of the work done by the service upon the occasion of the recent fire in the ware room of the hardware company.

Pitcher Sam Jones has upset the dog. Having been tagged a second string performer, the recent brilliant play of the Red Sox has been followed by a slump in the batting line.

BRITISH STEAMER ESCAPES HUN U-BOAT

Maintained Twelve Hour Running Fight And Beats Enemy To Safe Anchorage

SUB WAS OF CRUISER CLASS

An Atlantic Port, June 15.—Springing a thrilling story of her fight with a German submarine off the Virginia coast the British steamer Keemun docked here today. Her encounter with the enemy raider Thursday was a running battle in which the Germans used 5 inch guns and showed as much speed as the Keemun. According to stories told by the vessel's captain in the submarine attacked at 6:30 Thursday night off the Virginia coast. With the first strike from the sea pirate the gun crew of the Keemun kept off the submarine which is apparently one of the largest vessels of the undersea fleet. The last shot fired by the Keemun was at a distance of seven miles. The Keemun's gun crew worked rapidly returning shell for shell. Both of the vessels moved at 12 knots an hour.

ODD FELLOWS FINELY ENTERTAINED BY MR. BEERS

Clearfield Lodge of Odd Fellows, their ladies and friends enjoyed a rare treat at the Driving Park last evening when they heard the monodrama "The Shepherd and the King," given by Newton Beers, the peer of entertainers in his line. The entire story, taken from the Bible, is purely a recital of that part of the Bible from which the great organization of Odd Fellows draws its lessons and exemplify the beauties of their principles—Friendship, Love, and Truth. In no other manner, except by complete dramatization, could the wonderful story be told in so impressive a manner and the fact that the whole recitation is given by Mr. Beers himself, impersonating the fourteen characters in the story, lends an unusual and novel feature to the performance. His portrayal of the Mad King of Israel was exceptionally dramatic. Throughout the recitation the audience of near four hundred sat in attentive silence and closely followed the unfolding of the wonderful Biblical tale.

Mr. Beers concluded by paying a fine tribute to this city, saying he had been here twenty-five years ago, remembered the pleasant visit and always looked forward to a return here. He was pleased to view the scenery from an adjacent hilltop and in common with all other strangers coming into our city was shown the "house of mystery" and now there is another curious being in the world. He also told of the wonderful strength of the Odd Fellows organization financially and as a moral and religious force in the world.

THE STOCK MARKET

New York, June 15.—Issues were generally higher at the Stock Market opening today. Mariner preferred was up 1-8 to 104 1-2. Four thousand shares of United States Steel were offered at 104 and 300 shares were offered at 104 1-8, up 3-4 to 7-8. Anconia was up 1-8 at 65. Reading gained 1-4 to 1-2, opening at 91 1-2 and 91 3-4.

British financial interests see victory within a short time and are buying stocks at the New York exchange, according to unconfirmed rumors today. It is contended that the syndicates are buying chiefly rail stocks which were sold at higher prices in the liquidation movement following declaration of war.

The market closed strong.

ACCOUNTED FOR THREE SUBS

Wellesley, Mass., June 15.—Three submarines were sunk by a troop ship convoy on her recent trip overseas, according to letters received here today from members of a Wellesley college unit who were aboard the steamer.

REMEMBERED BY FRIENDS

D. J. Leahy, for the past two years, has been the holder of the local New York Central grade assigned that place to accept a much better position with the New York Central at Avis, Pa. He left his Jersey Shore yesterday.

On Wednesday evening Mr. Leahy's fellow-workers and together gave their old friend a fitting farewell reception. As a token of the esteem in which he was held, a man clipped in and purchased for him a handsome gold watch, the presentation of which was the chief feature of the reception.

The presentation speech was made by A. D. Bingham and Mr. Leahy responded feelingly. When he expressed his appreciation of such a fine gift, one of the boys, expressing the unanimous sentiments of all present, sang out "We'll give you a darn sight finer one, Denny, if you'll only stay with us."

Mr. Leahy made many friends during his residence in Clearfield, while regretting his departure, rejoice with him in his deserved promotion.

OFFICERS SPANISH-AMERICAN
WAR VETERANS ASSOCIATION

At the recent reunion of the Fifth Regiment, Pennsylvania volunteers, Spanish American war veterans held in Somerset, the following officers were elected for 1919:

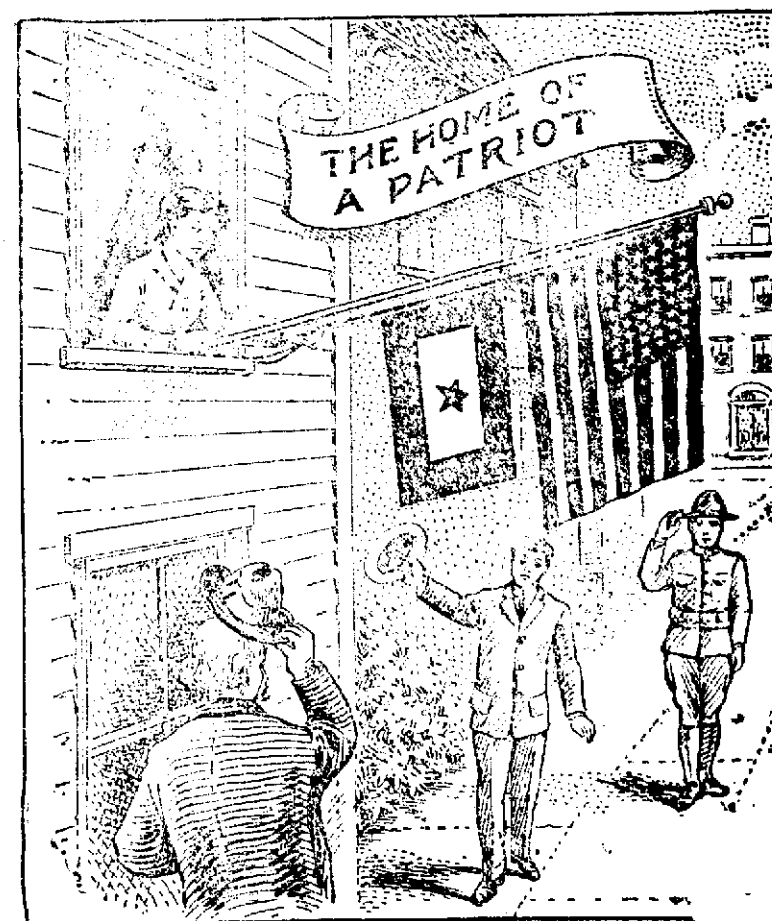

President, M. E. Troxell, Clearfield.
Vice Presidents, J. Fred Weaver, Walter Welch, Clearfield.
Secretary, J. C. Dunkle, Huntingdon.

The 1918 reunion of the old Fifth Regiment will be held in Clearfield at a date to be agreed upon by the President.

ELKS CELEBRATE FLAG DAY

Clearfield Lodge of Elks celebrated flag day in their rooms in the Kurtz building last evening. An interesting program was successfully carried out in the presence of an especially large gathering of the members of the order. The addresses were made by John A. Stock and Editor M. L. McQuown.

Fred Merkle, the Cub's first sacker, has been pasturing in the big show for a dozen years, first with the Giants and late with the Dodgers, but he never played better ball than he is playing right now for the Cubs.

MICHELIN
Twelve Tire Tests

No. 7

Cross-Sections

This illustration is an enlarged view made from actual cross-sections of two 34 x 4 tires—one a Michelin Universal, the other a tire of another standard make.

The sidewall of the tire on the left (which is a standard make typical of many tires other than Michelin) is of practically equal thickness throughout. The Michelin on the right is progressively tapered from the tread downward, so that its sidewall is thick where sturdiness is most essential, yet particularly flexible where resiliency is the prime requisite.

This construction gives Michelin Tires superior durability combined with remarkable easy-riding qualities.

In the Michelin cross-section the layers of fabric are imbedded in a liberal cushion of rubber which binds them into a single strain-resisting tough flexible mass, a structural advantage that cannot be exaggerated, since a tire loses its strength when the layers of fabric come apart, just as a rope loses its strength when its strands separate.

This series of twelve tests is designed to take the uncertainty out of tire-buying.

Michelin Section on Right—Other Section on Left.

The world-wide reputation of the house of Michelin—the oldest, most experienced of all tire-makers—is proof that only the best of materials are used in Michelin. That a greater quantity of these superior materials is used in Michelin Tires is proved by their extra weight and remarkable thickness, which mean greater durability. And the superiority of Michelin design is shown by the above illustration.

Better materials, more materials and superior construction—these account for the supreme durability of Michelin Tires.

ROSS & WOODS

"1,000,000 AMERICAN TROOPS IN FRANCE BY JULY 1ST,"--GEN. MARCH

TELLS MILITARY COMMITTEE AT MEETING WITH WAR COUNCIL THAT WE HAVE 800,000 MEN THERE NOW

FOURTH GERMAN OFFENSIVE STOPS

Washington, June 15.—Our troop shipments have passed the 800,000 mark, according to official announcement today. Making his initial weekly talk to the War Department correspondent, Chief of Staff March revealed this cheerful news today. He also declared that all four phases of the German offensive had been stopped. That more than a million Americans will be in France by July 1, was the statement of Senator Kirby, of Arkansas, at the weekly meeting today between the Senate Military Affairs committee and the War Council. The committee also was told by General March that the American forces are being put into the front lines in greater numbers every week and the mileage held by the Americans independent of the French and British is being greatly extended.

"The German advance," General March declared, "stretched the Allied line 60 miles. Because of this the importance of getting Americans over is preeminent. We have now passed the 800,000 mark in troop shipments over seas. The 800,000 troops include competent medical service—and all units which go to make up an army. The number of troops being sent over now," he added, "is limited only to the capacity of the boats to carry them."

He declined to say whether the American-Allied forces are numerically superior to the enemy. This question, he suggested, invites a consideration of how many troops Germany had at the outset and how many potential divisions may be brought from the eastern front.

Reviewing the military situation from March 21 onward, General March declared that "the activities were toward Paris, but the channel ports first and Paris second constitutes the obvious objective of the Boche."

Artillery firing along the Oise and Marne fronts and patrol activities were reported by the French war office today. Between Mondidier and the Oise, south of the Aisne, west of Rheims and near Champlatt and Bligny there was artillery activity, the communique said. French patrols took prisoners in the Champagne region. Although the situation is reported as improved, plans for the defense of Paris continued today. The Ministry of Workers made arrangements for the evacuation of the civilian population in case of necessity. The Humanite called upon 10,000 workers for defense work.

Germany is increasing its forces in the Pskoff region according to undated dispatches from Moscow received today. General Korniloff with his Caucasian forces is reported to be advancing and has occupied Regrovsk. A political strike has been organized against the Soviet in Kieff. Meatless weeks have been ordered in Bavaria by the Home Secretary because of the serious shortage, according to advices received in Copenhagen today. Twenty-five workers who refused to work were court-martialed on charges of mutiny. Dispatches from Amsterdam said that a provisional treaty was signed by the Bolsheviks and Ukrainian leaders for a cessation of hostilities and continuance of peace negotiations, according to advices received here today.

With The Americans On The Marne, June 15. (1 a. m.)—Both American and German artillery were active northwest of Chateau-Thierry today. The Boche threw large quantities of gas shells into Bouchesee and vicinity.

BRITISH RAIDS SUCCESSFUL

London, June 15.—Raiding operations in which the British had the advantage were reported by Field Marshal Haig today. A successful operation north of Belleau last night netted sixty prisoners, the statement said. "An attempted enemy raid against one of our posts in Avon wood was repulsed. We took a few prisoners and three machine guns in a successful night raid in the Villers Bretonneux."

TODAY'S CASUALTY LIST

Washington, June 15.—The War Department casualty list today contained 81 names divided as follows: 8 killed in action, 10 dead from wounds, 6 dead from disease, 1 dead from accidents, 52 severely wounded and 4 wounded.

OFFICERS PREDOMINATE MARINE CASUALTY LIST

Washington, June 15.—Sixty-three Marines, most of them officers, were reported today on the casualty list issued by the Navy Department. The list was divided as follows: 8 killed in action, 55 wounded severely, of which 11 were lieutenants.

Johnny Bates and Tommy McMillan. The veteran has been killed in both veterans of the same war. He has been killed in action for Mobile, which was independent team and pay. By the way, is managed by Pat H. Jones for the house of the R. L. party, another veteran of the first war. Casa.

MORE MEN NAMED FOR NEXT CAMP LEE CONTINGENT

District No. 1 of Clearfield county has certainly been sending out its share of men to the army during the month of June. When the huge contingent of 168 men goes forth to Camp Lee the week of June 24th the total number of men sent out from Clearfield into the different branches of the service will be nearly two hundred and fifty for the month.

The Exemption board finds it necessary to add the following names to the list of those already published as making up the 168 men to go the last week of the month. Of this advice number at least twenty-five will be taken to make up for the special inspections and voluntary enlistments since the contingent was first made up. The names follow:

Carl E. Buck, Munson
Wm. Blair Fargo, Clearfield
Wm. Clark, Phillipsburg
Clyde Leroy Black, Clearfield
Amos Vertell, Curwensville
Patrick J. Turner, Clearfield
William Paul Luko, Morrisdale
Lloyd Seifridge, Clearfield
John McCliment, Munson
Edwin M. Coudriet, Conditale
Anthony J. Luke, Morrisdale
Samuel C. Caruso, Curwensville
Benjamin E. Chase, Jr., Clearfield
Amadeo Dengelo, Curwensville
George Henry Davay, Morrisdale
Frank Tiso, Clearfield
Francisco Spasio, Curwensville
Roy Lawrence, Winburne

26 SPECIAL CALL MEN LEFT ON THE MORNING TRAIN

Heard by the Liberty Male chorus twenty-nine lucky Americans marched to the Pennsylvania station this morning and embarked at 8:20 for what "the great adventure" has in store for them.

All of these young men were Class I registrants whose ambitions had been reached and who promptly responded to the call of their country for their services.

They will go to State College, Carnegie Tech, Erie Tech and University of Pittsburgh for a six weeks course of special training before being placed in the ranks.

Eighteen of this contingent were Clearfield boys, three being bank and other clerks, plumbers, automobile mechanics, brickmakers and other occupations. All were ready and willing to make the sacrifice. They went into the thing knowing full well what would be expected of them, all were willing and anxious to go and marched away with smiles upon their faces. No better looking bunch of boys left our town. They were ready for anything the Fates may have in store for them and an army made up of such men is simply unconquerable, as the "Beast of Berlin" is rapidly finding out these days.

Miss Maud Pitcher, one of Clearfield's successful teachers and a member of the faculty of the College of Music left Thursday for her summer vacation. After spending a few days in Clinton county she will go to Duquesne, Pa., where she will serve as the pianist in the orchestra of the Edgewood League convention held there annually and enjoy the pleasures of the popular resort. She will be gone until September 1st.

Mr. J. A. Robinson, and granddaughter Helen Bell have returned from a visit with friends at Madera.

DO WAR WORK OR FIGHT ORDERS HAVE ARRIVED HERE

As the time draws near for the enforcement of the "fight or work" order issued by Provost Marshal General Crowder there is considerable movement on the part of those who will be affected by the provision. The local board has received its instructions from the general board and will instruct all police officers and constables to take note of the fact if anyone who comes under the provisions of the order continues to work at these occupations after July 1st. It will affect quite a number of people in Clearfield, and already they are seeking other occupations or taking steps to get into the service.

The paragraph of instructions dealing with the deferred classifications and the number of registrants found to be idlers or engaged in non-productive occupations is as follows:

"Whenever, after July 1st, 1918, any registrant in Class I, II, III or IV, wherever he may be located, is reported to or observed by any local board, whether it be his local board of origin (that is the local board having original jurisdiction of his registration and questionnaire) or a local board having jurisdiction over the territorial area in which he may be found, whether having original jurisdiction over him or not, to be an idler or to be engaged in any occupation or employment defined and described in these regulations or any amendments thereof as a nonproductive occupation or employment, such local board shall, by notice hereinafter prescribed, notify him and set a day and hour when the registrant may appear and present such evidence, by affidavit or otherwise, bearing upon the reason for his status, as he may care to submit."

The following classes are described as coming under the head of those engaged in non-productive occupations or employment:

Persons engaged in the serving of food and drink, or either, in public places, including hotels and social clubs.

Passenger elevators and attendants; and door men footmen, carriage openers and other attendants in clubs, hotels, stores, apartment houses, office buildings and bathhouses.

Persons, including ushers and other attendants, engaged and occupied in and in connection with games, sports and amusements excepting actual performers in legitimate concerts, operas, or theatrical performances.

Persons employed in domestic service.

Sales clerks and other clerks employed in stores and other mercantile establishments.

It is the last class that will catch quite a large number of young men, who are now in the draft, but have not yet been called. According to the ruling they will have to get into some other line of endeavor by July 1st.

NOT IN FINANCIAL DIFFICULTIES

In our "Court Notes" published yesterday we made mention of the fact that suits were pending in the courts against the Nickel-Alloys company of Hyde by the B. & P. Railroad company and the Electric Supply Co., and stated that the Nickel-Alloys people were possibly in financial difficulties as a result thereof. We find on investigation that such is not the case, that the Nickel-Alloys company have no more financial difficulties than the average industrial establishment in these war times.

Both suits entered are the result of disputed accounts and as neither side felt the granting the other fellows claims the only recourse was to the law to settle the difficulty and give each side what is coming to it.

We gladly make this statement in justice to the Nickel-Alloys people and to the public who have been misled by the sensational headlines published in our paper.

SENTENCED TO HUNTINGTON

Frank MacCallister, who was sentenced to a year and a day in the State Penitentiary for a crime committed in 1916, was today sentenced to a year and a day in the State Penitentiary for a crime committed in 1916.

CURWENVILLE NOTICE

The Board of Directors of the Curwensville Electric Light and Power Company, Inc., has decided to hold a special meeting of the Board on Monday, June 17, 1918, at 8:00 o'clock P. M., at the Curwensville Hotel, Curwensville, Pa., for the purpose of considering the proposed plan for the sale of the Curwensville Electric Light and Power Company, Inc., and for the purpose of electing a committee to prepare a report on the same.

YOUNG MEN WHO REGISTERED IN DISTRICT NO. 3

Following is the list of young men of twenty-one years of age who registered for military service in District No. 3

Quay Vernon Moore, Westover.
Henry Doy Phillips, Westover.

BRITISH STEAMER ESCAPES HUN U-BOAT

Maintained Twelve Hour Running Fight And Beats Enemy To Safe Anchorage

SUB WAS OF CRUISER CLASS

An Atlantic Port, June 15.—Springing a thrilling story of her fight with a German submarine off the Virginia coast the British steamer Keemun docked here today. Her encounter with the enemy raider Thursday was a running battle in which the Germans used 5 inch guns and showed as much speed as the Keemun. According to stories told by the vessel's captain in the submarine attacked at 6:30 Thursday night off the Virginia coast. With the first strike from the sea pirate the gun crew of the Keemun kept off the submarine which is apparently one of the largest vessels of the undersea fleet. The last shot fired by the Keemun was at a distance of seven miles. The Keemun's gun crew worked rapidly returning shell for shell. Both of the vessels moved at 12 knots an hour.

ODD FELLOWS FINELY ENTERTAINED BY MR. BEERS

Clearfield Lodge of Odd Fellows, their ladies and friends enjoyed a rare treat at the Driving Park last evening when they heard the monodrama "The Shepherd and the King," given by Newton Beers, the peer of entertainers in his line. The entire story, taken from the Bible, is purely a recital of that part of the Bible from which the great organization of Odd Fellows draws its lessons and exemplify the beauties of their principles—Friendship, Love, and Truth. In no other manner, except by complete dramatization, could the wonderful story be told in so impressive a manner and the fact that the whole recitation is given by Mr. Beers himself, impersonating the fourteen characters in the story, lends an unusual and novel feature to the performance. His portrayal of the Mad King of Israel was exceptionally dramatic. Throughout the recitation the audience of near four hundred sat in attentive silence and closely followed the unfolding of the wonderful Biblical tale.

Mr. Beers concluded by paying a fine tribute to this city, saying he had been here twenty-five years ago, remembered the pleasant visit and always looked forward to a return here. He was pleased to view the scenery from an adjacent hilltop and in common with all other strangers coming into our city was shown the "house of mystery" and now there is another curious being in the world. He also told of the wonderful strength of the Odd Fellows organization financially and as a moral and religious force in the world.

THE STOCK MARKET

New York, June 15.—Issues were generally higher at the Stock Market opening today. Mariner preferred was up 1-8 to 104 1-2. Four thousand shares of United States Steel were offered at 104 and 300 shares were offered at 104 1-8, up 3-4 to 7-8. Anconia was up 1-8 at 65. Reading gained 1-4 to 1-2, opening at 91 1-2 and 91 3-4.

British financial interests see victory within a short time and are buying stocks at the New York exchange, according to unconfirmed rumors today. It is contended that the syndicates are buying chiefly rail stocks which were sold at higher prices in the liquidation movement following declaration of war.

The market closed strong.

ACCOUNTED FOR THREE SUBS

Wellesley, Mass., June 15.—Three submarines were sunk by a troop ship convoy on her recent trip overseas, according to letters received here today from members of a Wellesley college unit who were aboard the steamer.

REMEMBERED BY FRIENDS

D. J. Leahy, for the past two years, has been the holder of the local New York Central grade assigned that place to accept a much better position with the New York Central at Avis, Pa. He left his Jersey Shore yesterday.

On Wednesday evening Mr. Leahy's fellow-workers and together and gave their old friend a fitting farewell reception. As a token of the esteem in which he was held, the women clipped in and purchased for him a handsome gold watch, the presentation of which was the chief feature of the reception.

The presentation speech was made by A. D. Bingham and Mr. Leahy responded feelingly. When he expressed his appreciation of such a fine gift, one of the boys, expressing the unanimous sentiments of all present, sang out "We'll give you a darn sight finer one, Denny, if you'll only stay with us."

Mr. Leahy made many friends during his residence in Clearfield, while regretting his departure, rejoice with him in his deserved promotion.

OFFICERS SPANISH-AMERICAN WAR VETERANS ASSOCIATION

At the recent reunion of the Fifth Regiment, Pennsylvania volunteers, Spanish American war veterans held in Somerset, the following officers were elected for 1919:

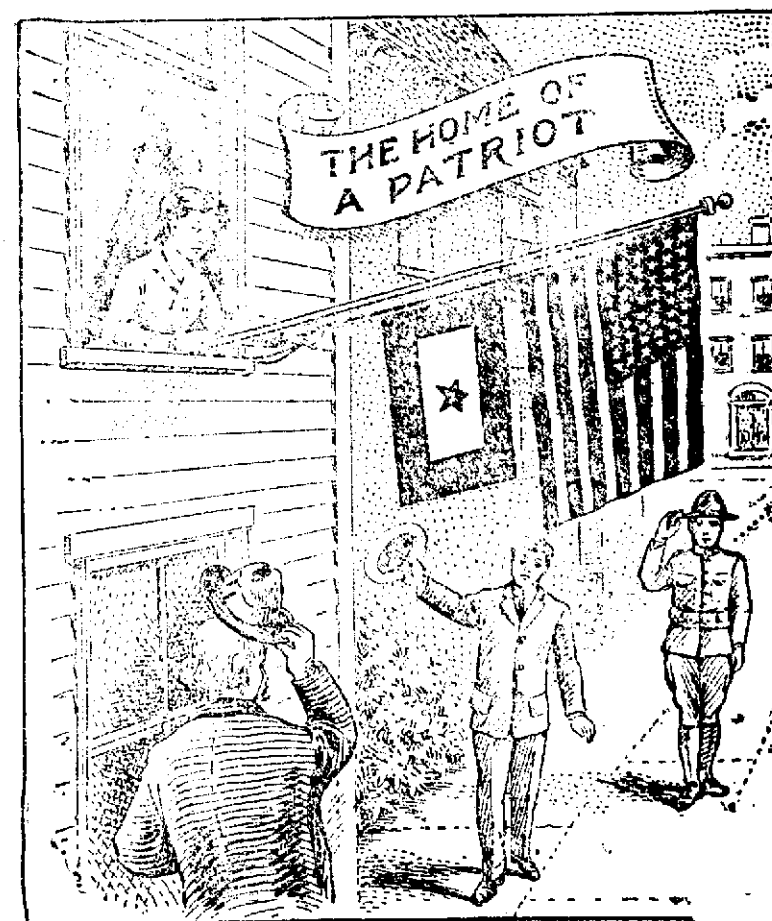

President, M. E. Troxell, Clearfield.
Vice Presidents, J. Fred Weaver, Walter Welch, Clearfield.
Secretary, J. C. Dunkle, Huntingdon.

The 1918 reunion of the old Fifth Regiment will be held in Clearfield at a date to be agreed upon by the President.

ELKS CELEBRATE FLAG DAY

Clearfield Lodge of Elks celebrated flag day in their rooms in the Kurtz building last evening. An interesting program was successfully carried out in the presence of an especially large gathering of the members of the order. The addresses were made by John A. Stock and Editor M. L. McQuown.

Fred Merkle, the Cub's first baseman, has been pasturing in the big show for a dozen years, first with the Giants and late with the Dodgers, but he never played better ball than he is playing right now for the Cubs.

FLAG COUPON

This coupon and \$1.75 or \$1.25 good for one Flag or 79c for one Service Flag at

The Progress Office

Think What They Do To The Varnish!

Ruin it you think! No! for the floors have been covered with Cosmolac—the toughest, most enduring varnish for the purpose. Even with the dancing, Cosmolac will not scratch white nor bruise.

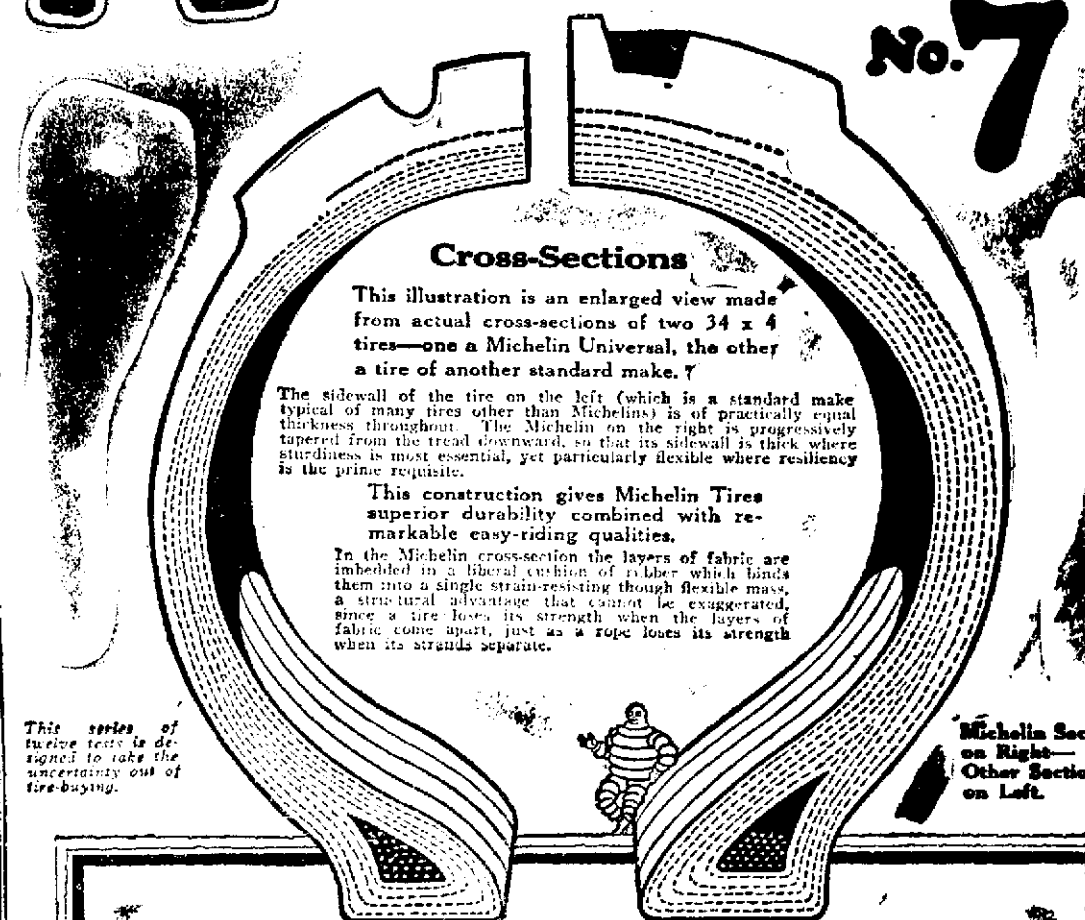

Cosmolac

is the new super-varnish—a clear, transparent covering that preserves and beautifies any surface requiring varnish. It resists the rough usage indoors and exposure to all weather conditions outdoors.

WM. F. POWELL

MICHELIN Twelve Tire Tests No. 7

The world-wide reputation of the house of Michelin—the oldest, most experienced of all tire-makers—is proof that only the best of materials are used in Michelines. That a greater quantity of these superior materials is used in Michelin Tires is proved by their extra weight and remarkable thickness, which mean greater durability. And the superiority of Michelin design is shown by the above illustration. Better materials, more materials and superior construction—these account for the supreme durability of Michelin Tires.
